

Quick Insights

Losing deals to a mix of reasons led by Poor Product Fit at 43 count and Competitor Won at 34 count meaning we need a multi-pronged approach that improves lead qualification, sharpens our competitive positioning, and offers flexible pricing.

Average time to close a deal has skyrocketed from 58 days in early 2024 to over 90 days in early 2025 wasting resources and risking buyer abandonment which requires us to streamline our workflows, fix marketing handoffs, and give reps better sales tools.
